

DUAL CREDIT PARTNERSHIP AGREEMENT

Between

HILL COLLEGE

And

WALNUT SPRINGS INDEPENDENT SCHOOL DISTRICT

In accordance with the Texas Administrative Code and Texas Higher Education Coordinating Board (Chapter 4, Subchapter D, Dual Credit Partnerships between Secondary Schools and Texas Public Colleges), Hill College offers college-level academic and workforce education course options to independent school districts (ISDs) for dual credit. After the appropriate college-level courses are approved for dual credit, high school students meeting Hill College requirements may register in the courses to receive college and high school credit simultaneously, thus developing a bridge between secondary and postsecondary education (TEC 28.009; TAC C-1). To facilitate effective communication between each respective ISD and Hill College, each party to this agreement will appoint a contact person to coordinate all activities relative to dual credit. Communications to Hill College regarding dual credit should be directed to the college's dual credit representative.

Dual Credit Admission/Registration. Students, upon written permission of the high school principal or designee, may apply for dual credit admission. Dual credit students must submit the following documents prior to registration: Hill College Dual Credit/Concurrent Permission Form, high school transcript, qualifying college readiness scores, official college transcript(s) from any other colleges attended prior to registration.

1. Eligible Courses

- A. All courses offered for dual credit by Hill College will be either college-level academic courses, identified from the current edition of the Texas Higher Education Coordinating Board Lower-Division Academic Course Guide Manual or college-level workforce education courses, identified from the current edition of the Workforce Education Course Manual.

The initiative allows an institution to determine when a student is ready to perform college-level coursework. High School students who seek to register in a dual credit course, which will grant college credit must prove “college readiness” by achieving a college level score as outlined in Appendix A.
- B. TSI rules state that students registering in a level-one certificates or less are exempt from the TSI Assessment requirements. A high school student can register in career and technical/workforce education dual credit courses without having to show college readiness on an approved TSI Assessment if the student has permission of the high school.
- C. Students registering in career and technical/workforce education dual credit courses contained in a level-two certificate or higher must meet the same dual credit eligibility criteria as students registered in academic dual credit courses.
- D. Students coming from a non-traditional program of study (i.e., a home school, private or a non-accredited high school) and seeking dual credit/concurrent courses at Hill College must satisfy paragraphs A through C of this subsection.
- E. To be eligible for registration in a dual credit course, students must meet all the college’s regular prerequisite requirements designated for that course.
- F. All students who participate in the dual credit/concurrent program must maintain a cumulative college GPA of at least a 2.0 to remain in good standing and demonstrate satisfactory performance in college-level coursework. Credit will be awarded according to state, local, and institutional policies in effect at the time of registration.

3. Location of Classes
